The Pier at Redondo Beach

“Zerimar and Fritz performed on acoustical guitars, but with a Flamenco-inspired frenzy that made the room sound like a tunnel with a freight train running performed through it. Bach and Dick Dale in the same set make perfect sense when by these virtuoso speed demons.”

– Easy Reader, March, 2007

Zerimar and Fritz have been performing in the Los Angeles South Bay over 10 years. They’ve performed to sell out concerts at famed Live at the Lounge/Comedy Magic Club in Hermosa Beach, The Old Town Music Hall in El Segundo, have recorded five CDs and have been featured performers at numerous local venues in the California South Bay (see side bar for more info on venues).

Featured on 2 cable television programs, *Adventures in Life* and *Café Latte*, Jose Zerimar was written up as Best of Beach in the entertainment section of the South Bay Easy Reader and nominated ‘Best Guitarist’ for the South Bay Music Awards. Their rendition of the classic “Moliendo Café” was recently featured on the top 50 list of RADIOVINILEMANIA – Latin jazz radio station.

Jose (Zerimar) originally from Mexico City brings the style, technique and passion of his Mexican heritage to the music. Jean (Fritz) a native to Madison, Wisconsin adds a blend of folk and vocal tradition to this power duo. Combining Jose's explosive guitar with Jean's power rhythms, unleashes and incredible duet of acoustical magic.
